

Steps to reset SMVDU Email-Id Password by-self

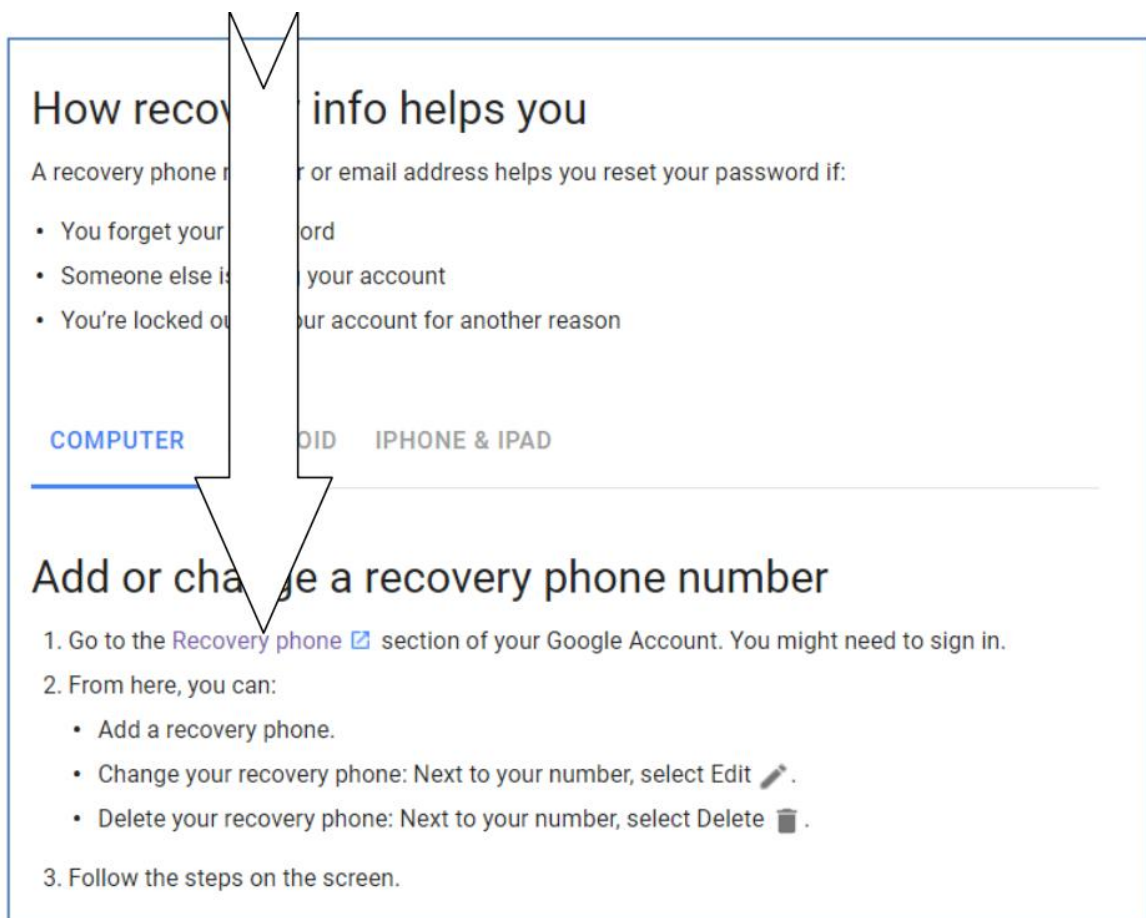

In order to enable reset password option in SMVDU Email-ID, Phone number of users (Faculty, Staff, Students) needs to be added into their SMVDU email account.

To add phone number into email account , Please follows these steps :

1. Open Google Chrome Browser
2. Follow the Steps on the web page (described on link)

<https://support.google.com/mail/answer/183723>

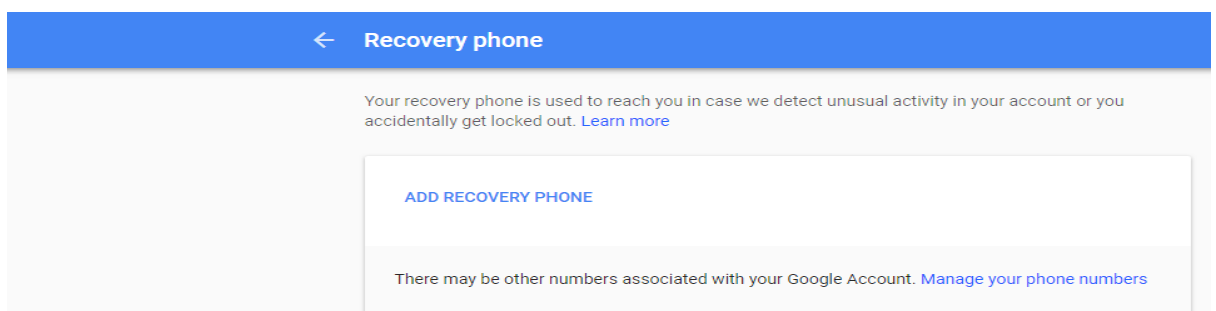

Note: Click on “Recovery Phone” on web page to add or edit phone number:

The screenshot shows a Google Support page. At the top, it says "How recovery info helps you". Below this, it explains that a recovery phone number or email address helps reset a password if: you forget your password, someone else is using your account, or you're locked out. There are three tabs: "COMPUTER" (selected), "MOBILE", and "IPHONE & IPAD". Below the tabs, the main heading is "Add or change a recovery phone number". The steps listed are: 1. Go to the "Recovery phone" section of your Google Account. 2. From here, you can: add a recovery phone, change your recovery phone (using an edit icon), or delete your recovery phone (using a delete icon). 3. Follow the steps on the screen.

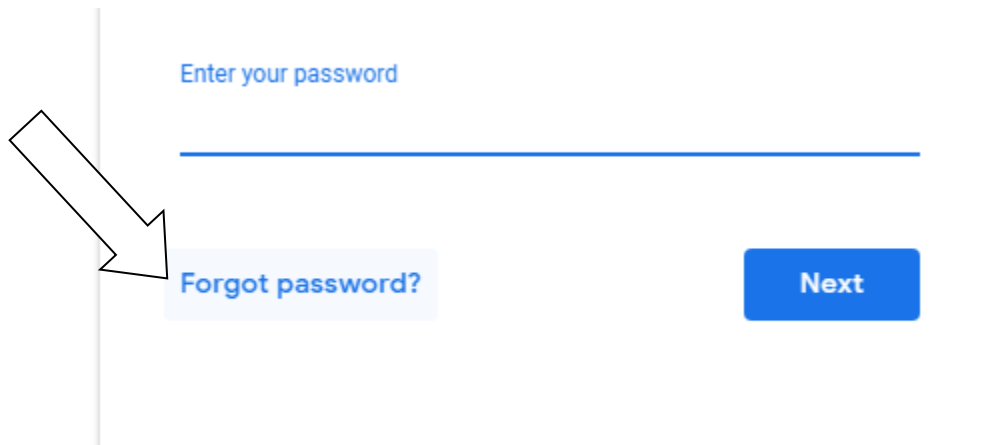

3. Login into SMVDU email-account

4. Add a recovery Phone number

The screenshot shows the "Recovery phone" settings page in a mobile app. At the top, there is a blue header with a back arrow and the text "Recovery phone". Below the header, there is a message: "Your recovery phone is used to reach you in case we detect unusual activity in your account or you accidentally get locked out. [Learn more](#)". In the center, there is a button labeled "ADD RECOVERY PHONE". At the bottom, there is a message: "There may be other numbers associated with your Google Account. [Manage your phone numbers](#)".

Once your phone number is added into the SMVDU email account , you can reset password by your-self by clicking on “Forget Password” option on login page as shown below:

Enter your password
